Harvey McQueen's human resources recruitment service has an outstanding reputation and is customised to meet the needs of your business, sector and culture. We understand that your Human Resources department is key to your success.

Our clients include multinational companies across the UK from all industry sectors including, Manufacturing, Financial, IT and Service providers.

Getting to know you is paramount to our success. Your company vision must be embedded through your HR department and feed down throughout the organisation. We understand the importance and power of cultural alignment and team dynamics. Forming a true partnership with your organisation is key to your success.

What our clients say:

"We always count on Harvey McQueen to deliver quality staffing, regardless of the role, salary and timescale. We have worked with Harvey McQueen for over ten years across the whole of the UK and continue to be impressed by the speed and efficiency of their recruitment processes."

Harvey McQueen support our company with HR services on-site. We are a small business and have been extremely impressed with the service provided."
